3. Program:

From Wire Fraud to Ransomware: Shielding Your Firm Against Cybercrime

Law firms are prime targets for cybercriminals due to the vast amount of sensitive financial data, personally identifiable information (PII), and confidential client communications they manage. For practices focused on real property, probate, and trusts, the most significant cybercrime-related risks include Business Email Compromise (BEC), Social Engineering Fraud / Wire Transfer Fraud, Ransomware Attacks and Third-Party Vendor Risk. Each of these threats can lead to severe financial losses and long-term reputational damage. This session will:

- Examine the nature and impact of these risks on law firms and important initial steps in response to a cyber-attack.
- Provide practical risk management and prevention strategies to reduce exposure.
- Explore insurance solutions that can help transfer and mitigate these risks effectively.

Presented by:

Kelly S. Geary, Esq. – EPIC Insurance Brokers – Greenwich, CT

Robert A. Shimberg, Esq. - Hill, Ward, Henderson – Tampa

Rebecca Wood, Esq. – Old Republic Title – Gainesville

4. Adjournment
